Walker	Pugmire	Fairhurst	Bingham	Brock

What is VEX Worlds?

The VEX Robotics Competition (VRC) World Championship is a gathering of top robotics teams from around the world to celebrate their accomplishments and compete with/against the best of the best. The 2018 VEX Robotics World Championship will include top teams from over 1400 VEX Robotics Competition tournaments in cities around the world.

Teams must qualify for the World Championships in one of three ways:

- Winning a VRC Championship Event
- Winning the Excellence Award at a VRC Championship Event.
- By Robot Skills Performance

This year's challenge is 'In The Zone' where teams try to stack and move cones into scoring zones.
